

Veggie Bacon Pie

Ingredients

(for base)

30 g cold margarine
200 g flour
200 g quark 5%
1/4 tsp salt
1/2 tbsp oil for quiche dish

(for filling)

2 leeks and 2 peppers or 4 leeks and 2 onions
fried diced bacon (optional)
75 g grated cheese
salt & pepper

(for topping)

2 eggs
200 g cottage cheese
salt & pepper

Method

Rub margarine into flour, add quark and salt and mix to a soft dough. Leave in fridge for at least an hour packed in cling-film. Meanwhile clean and chop leeks and peppers into small pieces, boil them for 2 minutes and cool them under water. (If you use leeks and onions, only leeks need boiling, use onions chopped up but raw). Oil quiche dish and roll out dough to fit, or a bit larger to fold dough a bit over filling. Add filling to quiche dish. Season and cover with grated cheese. Beat eggs, cottage cheese, salt and pepper. Optionally add crushed garlic or a bit of dijon mustard. Pour egg-mix over filling. Bake in oven at 200 degrees for about 30 minutes. Turn oven off leaving pie there for another 10 minutes.
